# About the Eggmen

For over a quarter of a century The Eggmen have entertained audiences playing the music of the best band ever...The Beatles!

We are based in the Austin/Central Texas area but have travelled extensively to the far reaches of both coasts and everywhere in-between. We are honored to have been asked to play The Texas Governor's Mansion on several occasions, including The Governor's Christmas Ball. The band has been recognized by The Austin Music Awards, by winning the "Best Cover Band" award, 11 YEARS!

Whether it's your 1st or 50th Eggmen show a splendid time is guaranteed for all!

# About the McCallum Orchestra

The McCallum Orchestra program started in 1953 with the opening of McCallum High School, and in 1994, McCallum became the home of AISD's only Fine Arts Academy.

Under the guidance of Directors Ricky Pringle and Erika Elder, the Orchestra has grown to over 100 students participating in three performing orchestras, a double bass ensemble, a violin ensemble, a viola ensemble, a cello ensemble and, with the support of the Austin Chamber Music Center, numerous other quartets and ensembles.

McCallum Orchestra students have incredible directors who move mountains to give each and every kid not only a high quality music education, but also a place to belong- a place at school where they are seen, invested in and can thrive.
